

Puncture-proof Wheels

PU Wheels

Rolko tyre made of polyurethane foam for puncture-proof applications. We offer a comprehensive range of PU wheels for a wide range of applications: non-marking, easy-running and with different tyre treads. Our PU wheels combine comfort with best puncture resistance, ideal for the rehab sector

**Puncture resistance,
for each individual
application.**

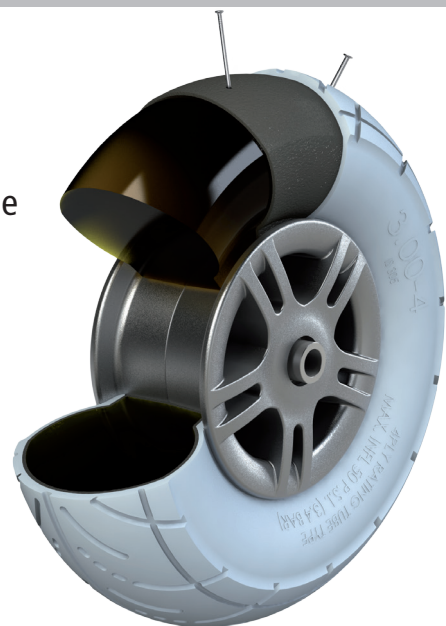

In addition to the extensive range of PU wheels, Rolko has also a modern system for tyre filling. With that we make your pneumatic tyres completely puncture-proof.

RolkoSMART

With the filling **RolkoSMART**, made of soft-elastic polyurethane foam, we replace the air in your tyres. We make your air wheels thus 100% puncture-proof! Thereby, punctures, damages and breakages are a thing of the past.

- ▶ Wide range of applications
- ▶ Stable mobility
- ▶ Good drivability, comparable to air tyres
- ▶ Stability
- ▶ Long-lasting

Contact us for more information about **RolkoSMART**:

Comparison

<i>PU Wheels</i>	<i>RolkoSMART</i>
Puncture-proof polyurethane tyres	Puncture-proof tyre filling
Absolute mobility	Absolute mobility
Durable	Very durable
Different tire sizes available	Suitable for almost all tyre sizes
High load capacity	Very high load capacity, also suitable for heavy load applications
Hardness degree can be adapted during the manufacturing	Hardness degree can be adapted during the filling process
Use of the tyre with minor damage is possible	Use of the wheel is possible, as long as the tyre is in in good conditions
-	Easy retrofitting with existing wheels (even if they are not from Rolko)
No pressure loss	No pressure loss
No pressure variations	No pressure variations

For our complete range of wheels, please request our industry catalogue.
